

of A Honors Saskatchewan U

Honorary Laws Degree
Awarded Dr. J. S. Thomson

One university honored another at the second day of the 38th annual Convocation ceremonies of the University of Alberta in McDougall United Church this afternoon.

The University of Alberta conferred the honorary degree of doctor of laws on the president of the University of Saskatchewan, Dr. James Suberland Thomson, MA, DD, LL, FRSC.

Dr. Thomson was the third honorary LL.D. degree awarded by U. of A. in the two-day Convocation ceremonies Tuesday and today. Yesterday, Sen. W. A. Buchanan of Lethbridge, and Monsignor Ferdinand Vaudry, rector of Laval University, Quebec, were given similar degrees.

47 ATTEND TODAY
Remainder of this year's record-sized graduating class received degrees today. Of the 1,237 degrees and diplomas won this year, 635 were conferred yesterday and 602 this afternoon. Total of 437 graduates attended today's ceremonies, dressed in traditional black caps and gowns. Many students were unable to attend because of early employment.

Dr. Thomson, who has been president of the U. of S. since 1937 except for one year of absence (1942-43) as general manager of the Canadian Broadcasting Corporation, was presented for his degree by Robert Newton, president of the University of Alberta.

Reviewing Dr. Thomson's career, Newton spoke of the U. of S. as president as "one of our outstanding orators," distinguished as a statesman, scholar, and administrator.

Dr. Thomson said Dr. Thomson, "returns now to his first love—Theology—after having served Western Canada well for 12 years." (Dr. Thomson leaves Saskatchewan University this year to become dean of the new faculty of divinity at McGill University.)

EDUCATION SURE HOPE
Giving the Convocation address to the graduating students, Dr. Thomson spoke on "Education in the contemporary world."

He told them that "graduates of today find themselves in a troubled and controversial world."

"Education is the surest hope of constructive change in human life and it is the duty of university graduates to pledge themselves to accept this method," he said.

Human life never stands still but is in a constant state of flux, he said, by the power of ideas, knowledge is power, but it may be either a blessing or a curse, according to the use we make of it.

TODAY'S GRADUATE must accept as a trustee for our civilization the responsibility of the changes that have raised man from savagery, he must believe in sane and rational methods of change and must be ready to take short cuts by violence or tyranny.

He must unite with others who are like-minded to accomplish desirable alterations in our social conditions that will be for the universal enrichment of life everywhere.

Also honored by U. of A. this afternoon was Reginald Charles "Lester" Lester, superintendent of the University residences.

He was made an honorary member of Convocation, first time "distinction has ever been made in this way."

(During the past two days Mr. Lester has been made an honorary member of the class of 48 and of the U. of A. Alumni Association.)

SCROLL PRESENTED
The scroll which was read at the Convocation ceremonies before being presented to him said that the senate and the board of governors were admitting him to honorary membership in Convocation "by virtue of his distinguished service for more than 40 years."

During the ceremonies, the annual report of the president to Convocation was read by Dr. Newton.

Innovation was p. announced by Miss Mitchell, new incorporator of the University hospital but was immediately released suffering from bruises and minor leg cuts.

Now A Town
Village of Fairview, in the Peace River district, is now incorporated as a town, according to an announcement made in the current issue of the Alberta Gazette.

Inquest Opens Into Fatal Train Wreck

An injured express messenger almost broke down today as he told all he remembered of the train wreck that claimed the lives of three CPR trainmen on May 9.

Thomas C. Murphy, of Saskatoon, was among the witnesses at the inquest being held at Wetsakow, engineer Harry Williams, 35, of 3746 22 avenue; fireman Reginald A. Upper, of 1812 St. James; and Thomas, and W. R. Maxwell of Wink, Saskatchewan.

With scars of his facial injuries clearly visible, Murphy who regarded normal speech through shock after years of stuttering, said the train was late out of Leduc, and consequently late out of Wetsakow.

He recalled reaching the first curve about four miles west of town, and then everything became confused. He did not know what was fact and what dream.

Two expert railway men, John Henry Newton, divisional mechanic, and D. H. Dunphy, assistant divisional engineer, both of Edmonton, told Dr. M. M. Cantor, coroner, and the six-man jury that the track was in good condition. It was considered "first-class."

SAFE SPEED
Mr. Holloway said the speed on the section of the track where the derailment occurred was set at 25 mph. Mr. Dunphy suggested that 30 to 35 mph was the maximum speed the track could be used with any degree of safety.

There has as yet been no evidence as to what speed the train was travelling at the time of the wreck.

Harry Chapman, conductor on the train, said they were 20 minutes late out of Wetsakow.

Story of how they escaped from the steam-diesel baggage car was told by two mail clerks.

No verdict in the hearing had been reached at press time today.

POLICE STILL PROBE SHOT
RCMP are still seeking the source of the "jetty bullet" which wounded 16-year-old Lloyd Bowen and killed the Imperial Oil refinery here last Sunday.

The boy, who lives at 3036 100 street, is still in Royal Alexandra Hospital where his condition is "good."

He was struck in the right hip by a rifle bullet.

No More Harsh Laxatives!
Famous cereal grains lasting relief from constipation.

Are harsh laxatives causing you distress and unhappiness? Then read this uncoloured letter.

"About 8 months ago, I decided to start eating KELLOGG'S ALL-BRAN. After a few days, I realized that I was making my system work better. Constipation doesn't trouble me any more. I feel like a great relief!" P. Leslie, 4603 Bismarck Street, Montreal.

Yes, if you suffer from constipation due to lack of fiber in the diet, you may never have to take another harsh laxative again. Simply eat KELLOGG'S ALL-BRAN daily and drink plenty of water.

ALL-BRAN is not a purgative, but a wholesome cereal. Eat an ounce as a cereal or in milk for constipation relief. If after using one package you are not completely satisfied, double your money back as guaranteed on the package.

ALL-BRAN from your grocer. Made by Kellogg's of London, Ontario.

To Each his own

TWO ESCAPE IN CAR CRASH NEAR HERE

Two persons are in Edmonton hospitals today following a near-fatal auto-truck collision on the Calgary trail yesterday.

The accident occurred between Niska and Kierulff when a passenger car driven by E. Hubbert of 1180 101 Street, was in head-on collision with a light delivery truck driven by L. Brucker of Leduc.

Hubbert was taken to the Royal Alexandra hospital suffering from a broken leg. Hospital authorities said his condition is favorable.

Sustaining a concussion, Brucker is now in University hospital where his condition is reported as "not too serious."

School Opening Date Sept. 1

Alberta education department officials today looked ahead to the end of summer school sessions which has not yet begun, and decided that most schools will re-open on Sept. 1.

Opening day is a Thursday and the first two days of the new school term will be followed by the Labor Day holiday.

The department of education anticipates that most schools will re-open Sept. 1, but a later opening date may be necessary by some local school boards.

EDMONTON BULLETIN, Wednesday, May 18, 1948

City Lights Darkened By Children's Prank

South east section of the city was plunged in darkness last night when children short-circuited electric light and power lines.

The breakdown occurred at 77 avenue and 89 street when wire of one of the three transmission lines by children. Police department is investigating the mischief.

Area affected by the breakdown was east of 89 street and south of Whyte avenue, and north of the avenue and east of Mill Creek.

The breakdown occurred at 8:10 p.m. Service was restored in one section of the affected area at 9:30 p.m. and repairs were completed in the other area by 10:40 p.m.

The wire thrown over the transmission line caused a short circuit which prevented tripping of breakers in the affected districts.

Research Work Is Planned
Plans for research work among Alberta children, suffering from arthritis will be submitted to provincial health officials early next week.

At the last session of the legislature, \$50,000 was appropriated for research of the disease.

Since then a committee has been appointed to initiate immediate research on a small scale, pending Alberta's participation in a national research campaign.

The committee will report to Hon. Dr. W. W. Cross, minister of health and welfare, on Monday.

Members of the committee include Dr. John W. Scott, dean of the faculty of medicine at the University, Dr. Percy Sprague, specialist in internal medicine, Dr. R. Graham Huxell, specialist in venereal disease, and Dr. Morris C. Adamson.

Varsity Student Gets 2 Honors
One University of Alberta student has a double honor today.

In addition to receiving his degree of doctor of dental surgery at Convocation ceremonies this afternoon, Royal C. Sills, of Landis, Sask., has been awarded the certificate of merit from the American Association of Dental Students.

Announcement of notification was made by Dr. W. S. Hamilton, dean of dentistry at the University.

The certificate of merit award is based on scholastic standing in the field of oral medicine. One student at each dental school may receive the certificate.

VETERAN Gerry Willis, district manager of the Northern Alberta Life Insurance Company at Edmonton, has been promoted branch manager, Saskatoon. President of the Northern Alberta Life Underwriters Association, he is also member of the Junior Chamber of Commerce. He leaves for Saskatoon on May 25.

made by Dr. W. S. Hamilton, dean of dentistry at the University.

The certificate of merit award is based on scholastic standing in the field of oral medicine. One student at each dental school may receive the certificate.

UNCHEDULED PRIZE came to Fred Doncaster, Edmonton contractor at Spring Horse Show. His Palomino mare Golden Puff presented him with this fine filly foal yesterday morning. Filly will be called Donastalee and will accompany her mother when she enters the show ring later this week.

Jaycees Cleanup Drive Includes Many Phases

Young members of the Junior Chamber of Commerce will don overalls and take up brooms Monday in a street-sweeping competition to be held in conjunction with National Beautification Week in Canada.

Two teams of 10 members each will start sweeping at 101 street and Jasper avenue at 12 noon and sweep around 100A avenue and 101 street.

Project is to bring public attention to the need of keeping streets clean. A public address system will report the progress of the street sweepers and part of the race will be broadcast.

Four neglected "islands" in the north, south, east and west section of the city will be spruced up with flower beds and benches by the Jaycees. Service clubs will be approached to help in maintaining the beauty of the four parks when finished.

Young Jaycees will also include a 15-minute house-painting spree in their beautification campaign, and Acting Mayor George Givens will be approached to conduct a tour of houses for talks with the owners.

Some of the acting mayor's visits will be broadcast from houses which will be chosen at random throughout the city.

City Fund Earns \$20,811

Net earnings of the City of Edmonton sinking fund in 1948 were \$20,811 which have been transferred to the city treasury.

Revenue funds placed with the sinking fund board for administration earned \$124,008.82. After meeting the interest requirements of the deposits in the fund an amount of \$46,007 was placed in "surplus earnings" account.

Assets of the city's pension fund now total \$2,300,486.25 and all persons due to December 31, 1948 have been provided for.

During 1948 total of 64 employees retired, while 202 left the service and had their pension contributions refunded.

Retirees paid in the city's pension fund totaled \$102,291.35 and employees contributions disbursed, either as retiring allowances or refunds, totaled \$27,561.51.

Total employees contributing to the fund at December 31, 1948, was 2,071.

Eaton Officials Visit City
John David Eaton, president of T. Eaton Co., Ltd. and P. B. Wallis, vice-president, both of Toronto, are on a business trip to Western Canada.

They arrived by private aircraft yesterday and left for Calgary, en route to Vancouver, today.

Business conditions were good throughout Canada, commented Mr. Eaton. He said his own company was not contemplating an addition to Edmonton facilities at present.

"Where You Are Always Sure of Quality"

Time to Clean Up

Today is the beginning of Edmonton's 10-day clean up campaign.

Sponsored by the Junior Chamber of Commerce, this movement is designed to encourage everybody to make a concerted effort to add beauty and polish to every section of the city.

During this period, householders are expected to rake their lawns, tidy up their backyards, plant flowerbeds and add whatever touches of color are necessary to cover up wear and tear on fences and buildings.

There are all sorts of ways in which property can be beautified.

But they all add up to a neater, brighter and more attractive Edmonton.

All this has a tourist value which means money to everybody, but much more importantly it has a high value in terms of self respect.

A happier and more wholesome citizenship springs from the consciousness of living in a city of neat and well-kept homes.

Children, for instance, are much more content and take much more pride in a home and a city that are tidy and well-ordered.

While the maintenance of clean and beautiful premises should be the constant concern of every householder, the value of encouraging a concerted effort is that the element of competition is brought into the picture.

When householders in a single block, for example, start working with each other, the standard of maintenance is bound to be raised.

Edmonton citizens, of course, are up against an unusual handicap in efforts along this line because unpaved streets and unimproved civic features are continually being attempted to beautify individual homes.

But if the consciousness of civic beauty is sufficiently awakened to catch campaigns as this, the demand for improvement might even be caused to echo in the civic block.

There is no one else to blame for the fact that the city is not as clean as it should be.

It is up to the citizen to make it so.

It is up to the citizen to make it so.

Roads, Hotels and Tourists

The Alberta government travel bureau admits that this movement is losing millions of dollars a year through insufficient tourist accommodation.

In 1948, the province had a \$17,000,000 tourist business.

But the bureau believes that 10,000,000 tourists could be brought to Alberta every year.

If the provincial government is solidly behind the promotion of tourist business, it has given every element of being, it will take two important steps.

1. It will enter actively into the financing of hotel and tourist camp projects to provide the accommodation admittedly necessary to enlarging our tourist traffic.

2. It will throw all its weight behind the Yellowhead route of the Trans-Canada Highway because that route offers the most striking tourist attractions.

No one expects the province of Alberta to enter the hotel business. But the province is expected to enter the hotel business.

We are rejoiced for failing to mention in these columns the celebration of Norwegian Independence Day on May 17.

It was an oversight of purely chronological significance as no Canadian could forget the part played valiantly by Norway in the war.

The heroic stature of Norway's king and the passion for freedom of Norway's people.

The association of Canadians and Norwegians in the war was a happy historical repetition of the close ties that knitted the British and Scandinavian peoples together in past times.

Libraries in other cities of comparable size as well aware of that.

The choice and availability of books, the number of books circulated and the courtesy and helpfulness of the staff all indicate the high efficiency of the management.

The outdoor recorded concerts are an extra touch, bringing a pleasant and profitable period of relaxation to weary men and women and their children in the crowded hours of the day.

Calgary Laborer Found Guilty Of Manslaughter

CALGARY, May 18.—(CP)—John Bennett, 76-year-old Calgary laborer, was convicted of manslaughter yesterday and remained until Thursday for sentence.

A six-man jury found the elderly lumber mill employee guilty of the manslaughter of John Scheuchter, 76, who died following injuries suffered in a scuffle at a Calgary mill (A. B. Cushing Mills Ltd.) where the two men were employed.

The jury, out for three hours considering the verdict, asked a rider putting in a strong plea for leniency.

Nostradamus, noted astrologer and seer, also operated a beauty parlor, with Catherine de Medici as one of his patrons.

Farmers Hoping For Bumper Crop

Earlier Seeding Conditions May Result in Big Letdown

By The Canadian Press

Canadian farmers, off to about a two-week early start in seeding this year, are hoping for a bumper crop.

Light winter snowfall and an early spring might blight chances for a big crop but a long dry spell which threatened to have a serious effect on Saskatchewan and Alberta crops ended Monday night and Tuesday.

"Million dollar" rains fell on Saskatchewan in the wake of Monday night's most widespread downpour of the year. In some sections where seeding was suspended by the drought, farmers were able to get on with the job. In other sections farmers looked to the rain to slow the advance of grasshoppers.

MODERATE RELIEF

"Light rain and relief showered central and southern Alberta bringing moderate relief to the dry crops."

A Canadian Press survey of seeding progress shows fairly satisfactory conditions in all other provinces.

Throughout the west a sharp rise in wheat acreage and decline in the acreage of other principal grain crops is reported. Farmers will seed about 20,000,000 acres in wheat this year, nearly double the total last year.

COARSE GRAINS STARTED

Fresh weather conditions which plagued farmers throughout the winter, North America this winter caused seeding delays at a few southern Manitoba points. Heavy snowfall delayed seeding operations. Worst affected almost completely and a good start has been made with oats and barley. An increase in acreage of the latter crop is predicted.

Manitoba department of agriculture reports about 50,000 acres of outliners will be planted this year in the province. The 1948 figure, on the other hand, fell around 100,000 acres.

Favorable crop prospects are reported for British Columbia where winter damage was slight. Although little grain is grown in British Columbia, figures show a five-per-cent loss in wheat acreage from last year's 116,072-acre yield.

ONTARIO OPTIMISTIC

Ontario crop picture is a buoyant one. Equable growing weather has speeded seeding and in many parts of the province fields of spring grain are already green.

Preliminary estimates of oats and barley acreage indicate slight increases over last year's crops when 1,962,000 acres of oats and 284,000 acres of barley were grown. A fall in production of spring wheat, fall wheat and rye is predicted. More sugar beets will be grown.

QUEBEC SOWING SLOW

Recent cold weather and heavier-than-normal rainfall have slowed up seeding in Quebec province. Sowing has just got under way in the Montreal region and in other sections of Quebec. Total area there will be about the same as last year—4,000,000 acres, two-thirds of which will be devoted to hay and clover.

In New Brunswick, where potatoes are the most important crop, a decrease of about 11 per cent is predicted.

BUT NOT AFRAID

Newsman Foresees Own Cancer Death

SAN DIEGO, Calif., May 15.—(AP)—"I have cancer and I am going to die of it."

The newspaper man today started his daily column with those words.

"I am not afraid," he added.

Forrest Warren, 71, whose career started at the age of 10 as a printer's devil in his native Vermillion, Kas., went on to report.

"I am glad he (the doctor) told me. I think that all cancer sufferers should be told. It is not pleasant news, one wants to go—but it does give you a chance to get your house in order. And that is important."

"I have called in all of my family and we have had a long talk. And I've pretty well worked out the financial arrangement. I've called the men I want for pallbearers and they've accepted. And I've had a chat with my preacher, and asked him to keep his remarks brief."

'48 Forest Fire Loss 2nd Worst in History

OTTAWA, May 15.—(BUP)—There were more than 5,000 forest fires in Canada last year and it cost some \$2,500,000 to fight them, acting mines and resources minister Senator J. A. MacKinnon said today.

He said they burned a total of 5,183,000 acres of land.

MacKinnon said the loss last year was the second worst in the year period for which his department has kept records. It was exceeded only in 1941.

70% Forest, AVERAGE

Forest fires last year burned 70 per cent more land than the yearly average for the past 10 years, the government announcement said.

As Mr. MacKinnon made his announcement, widespread forest fires were breaking havoc across the under-planting provinces.

Exceptionally dry weather in the Great Lakes region in central Canada in the early summer and fall contributed to the damage, MacKinnon said.

The number of fires was about normal, but the amount of timber burned was estimated equal to that used by all Canadian pulp and paper mills over seven and a half months.

Damage to timber and property was put at \$3,800,000, he added. In addition, much valuable wildlife was lost, and considerable damage done to soil and water courses.

More than 80 per cent of the fires were man-made, half of them caused by careless campers and smokers, MacKinnon said. Only two per cent were started deliberately, while 18 per cent were caused by lightning.

These figures did not include the Yukon of the North West Territories where 80 fires were reported last year, burning 121,000 acres.

TOTAL FOUR

15-Year-Old Mother Now Has Triplets

NEW YORK, May 15.—(AP)—Triplets were born today to a 15-year-old Brooklyn girl, already the mother of a nine-month-old son.

Miss Jean Williams, Negro housewife, gave birth to two girls and a boy in the home of her 35-year-old mother in the rear of a grocery store.

The triplets were born with the aid of two radio patients who drove to the scene, and of Dr. Vincent J. Russo of St. Catherine's Hospital, who arrived after the first birth.

Miss Williams, eight months pregnant, anticipated the birth as she was riding in a truck driven by her husband. Eighteen-year-old unemployed truck driver. They were married three years ago.

As Others See Us

MONTREAL—(AP)—A woman's less-than-fashionable style was staged here recently by men of St. Catherine's Hospital, who arrived after the first birth.

Miss Williams, eight months pregnant, anticipated the birth as she was riding in a truck driven by her husband. Eighteen-year-old unemployed truck driver. They were married three years ago.

Inside Hollywood

HOLLYWOOD—(AP)—From "Forever Amber" to a female Billings, that's where three years in Hollywood have taken a little Irish girl named Peggy Cummins.

It was three years ago when she was 17 that she first met Peggy when she was to play Kathleen Winsor's freckle-faced heroine. Peggy Cummins, who was fresh from Britain and who pondered on what the future would bring her.

Up the Street Or Down

She stood just inside the door of the station nervously clutching her handbag. Al Jolson was an old Irish suitcase tied with a piece of rope.

Al Jolson had been with a piece of rope.

Al Jolson had been with a piece of rope.

NO TEARS

I asked Peggy if she ever cried a year over the death of the movie star.

"Not so much anymore," she said. "But I did cry for a year or so."

SAVE WORK MONEY TIME

By Norman Altstetter

NEW YORK, May 15.—(CP)—Decisions which may vitally affect the United Nations and world peace were taken at the spring session of the United Nations General Assembly.

The UN displayed its ability to give and take in the international tug-of-war. Leading delegates said this shows the organization is healthy and growing.

The session opened April 5 with forebodings of an east-west clash over the Atlantic Pact which some observers believed might wreck the UN's unity.

But the air was cleared in one of the UN's first major decisions concerning the 15-country alliance.

BLOCKADE LIFTED

Midway through the session, Russia and the three big western powers agreed to lift the Berlin blockade. Delegates agreed in formal talks leading to the end of the 16-month stalemate which had been started except in the atmosphere.

The closing hours were marked by delegates on two of the hottest issues faced by the assembly—diplomats' talks with France Spain and disposal of Italy's former colonies.

In an upsurge, the assembly overwhelmingly rejected a British plan to split up Mussolini's former African empire between Britain, Italy, France and Ethiopia.

SPAIN BOYCOTT SAME

The assembly failed to ease its attitude on two of the hottest issues faced by the assembly—diplomats' talks with France Spain and disposal of Italy's former colonies.

FDR Junior Is Elected

NEW YORK, May 15.—(UP)—Franklin D. Roosevelt, Jr., a seven-year-old child of the late President, was elected today in a special congressional election.

But the election, fourth in a series, was credited today to the vote of a few, of the Roosevelt name plus his 18-hour-a-day vote-carrying campaign.

Political observers had predicted defeat for the handsome third son of the late president in the normally machine-controlled 20th congressional district of Manhattan.

But the election, fourth in a series, was credited today to the vote of a few, of the Roosevelt name plus his 18-hour-a-day vote-carrying campaign.

SEVEN U.S. ENTRIES IN ENGLISH DERBY

LONDON, May 18.—(AP)—United States owners intend to make the biggest raid since the war this year on the world's most famous turf prize, the English Derby.

Seven American-bred colts are entered in the 170th renewal of the English three-year-old classic on June 4 at Epsom Downs.

Some likely to be withdrawn when the last half of the \$400 running fee is due May 24. But enough should have their fare paid to exceed the previous post-war record of two American runners last season.

—Black Tarquin and the Senator II, both of which finished out of the money.

Most fancied invader, an 18-1 chance in recent London betting, is Brown Rover.

Clarence Mellbye Returning to Esks

The news on the Big Four Baseball league best was good and bad yesterday. Good for Eskimos, bad for the rest of the clubs—Cubs, Puritas and Buffs—because it was announced that pitcher Clarence Mellbye definitely would join the Esks from the Yankees.

Mellbye, a smooth, business-like moundman, will report to manager Earl Robertson about May 20. His coming will further buttress a hurting bullpen already being put together by the Esks.

Also in the bullpen, a new pitcher, a former minor league player named "Lefty" Davis, who turned back Buffs on three hits last week-end.

NO WORRIES TONIGHT
One consolation club won't have to worry about Mellbye when they take on the puck-making Esks at Kenmore park tonight, starting at 8 o'clock.

The teams were to have tangled last night but early start of rain and the temperature shot up but the game was postponed.

Tonight's clash is a regularly scheduled fixture and the postponed game will be played Saturday, May 21, at 7:30 p.m.

The match, originally scheduled for May 20, was postponed after a physician diagnosed that the champion was suffering from a bulitis of the right shoulder joint.

Highlands Bowling
The Highlands Community League Lawn Bowling Club is opening the season's activities by playing jingle games on Saturday, May 21, at 7:30 p.m., followed by a tournament at May 22, at 1:30 p.m.

The greens are in excellent condition.

Fishing Flourishing
FORTUNE BAY, N.B.—(CP)—Herring fishing is getting better at a break rate. The government has authorized a license to fish for herring in the bay.

Ferryland depot here recently while the Valadon Prince took on the first shipment of winter setting for United States market.

Classy Franks Mistake in Action

CONSISTENT MONEY-WINNER on the prairie racing circuit these last couple of years is Franks Mistake, owned by D. E. Robertson. The four-year-old colt likely will be seen in action during the spring meet which opens here May 24.

Yankees, Tigers Keep Step In American League Race

NEW YORK, May 18.—(CP)—The Yankees and Tigers stayed as you-were in the American baseball league race with New York still two games ahead of Detroit after both won yesterday.

The Yankees collected 15 hits and a home run but had to struggle all the way to beat the Yankees Indians 4-3 before 75,126 fans, lining the crowd of the season at Yankee stadium. Ed Lopat gave up seven hits, including homers by Larry Doby and Mickey Vernon, to join his fourth victory. The Yanks got all their hits off Gene Bearden.

Boston's bombing Red Sox shattered Chicago White Sox 4-3, thanks to a two-run homer by Vern Stephens in the eighth inning. Left-hander Mel Parnell, Boston's only consistent pitcher, won his fifth victory.

TIGERS BOY NATS
Detroit Tigers were held to five runs, capped by the wildness of Walter Masterson and Furber, in a 1-0 loss to the Yankees. Senators 4-2. Johnny Liper's single with the bases loaded, helped the Yankees beat the Senators 4-2.

St. Louis Cardinals 4-3. The Cardinals' victory was helped by a home run by Stan Musial in the eighth inning. The Cardinals' victory was helped by a home run by Stan Musial in the eighth inning.

Blind Bowlers National Tourney

TORONTO, May 18.—(CP)—The first national blind bowling tournament for blind bowlers is being held this week.

The Canadian National Blind Bowling Association is sponsoring the tournament, which will be held at the Toronto Y.M.C.A. from May 18 to 21.

Scoring will be by the total score of the bowlers for the three games. No handicaps will be allowed.

Members from each team must be registered as blind, with at least one member totally blind. Normal rules will be followed, but the competitors will use a guide rail to line up the shots.

Avenue Bowlers In Action Saturday
Official opening of the Alberta Avenue Bowling Club scheduled for Saturday, May 19, will be the form of a mixed tournament.

Teams will be drawn on the green and visitors-by the team.

The arrival of Van Housen met that Big George, most talked of bowler in the province, was on the grounds.

Also in the Van Housen string are such good ones as Time Belle, On the Sly, a two-year-old by On the Sly and Don Little.

Moher ON SPORT

By STAN MOHER, Sports Editor

Coffee—Tack Room Style

It was mighty cold outside but in the tack room "Pinky" was getting the coffee ready and the realization made everyone feel warmer right off.

And while Pinky ("I been in this racin' game for 20 years and more") was busy with his household chores "Snap" Lawson, Merle Harrop and "Nick" Nicholson were trading stories about how gossipy back and forth.

Harrop suggested the track needed rain badly and Nicholson said "we sure do if we want to get those farmers to loosen up with their bettin' money at this meeting."

"Wonder why Charlie Roe doesn't hire himself a rainmaker?" he asked with a chuckle. "Sure would pay off."

This brought on the story of the rainmaker taken on by a California town to do something to ease a dry spell. The fellow did so well the citizens finally conscripted him to run for mayor.

However, he made too good a job of it. It kept raining and raining until finally the town streets were under water. And in the end the flood conditions licked him.

A Rabbit is a Rabbit is a Rabbit

Just about the time "Pinky" announced that the java was ready "Whisper" Sundquist came along. The Saskatoon boy spent most of the winter at Santa Anita and other California tracks galloping horses. However, on the way back he stopped over at Harrop's place near Victoria.

How many rabbits you got there now? "He wanted to know. It seems that Harrop and his wife invested in a pair of the bunnies sometime back. Shortly, as might be expected, the long-eared went into the business of raising a family.

"There must be upwards of 60 around the place now," the popular ex-rider who trains the horses of Lawson and one or two other owners chuckled.

"Rabbits make better eatin' than chickens," Harrop went on. "My wife fries 'em southern style and they sure hit the spot."

Speaking of the good ended Lawson of the day last summer that his Little Lady, somewhat mixed up on the names of a couple of horses, finally beat the "wrong one" and collected a half of change when he lay-burner she hadn't meant to bet on at all "win off by himself."

How Good is Bill Bretches?

Nicholson is handling the duties of agent for 18-year-old Bill Bretches, the Oklahoma saddle-bow who rode so well at Phoenix this past winter.

Someone asked "How about Bretches, how good is he?" The man who in the past has had the book of Vic Bovine, Emile Roy and other well-known riders disclaimed to answer directly. Instead he passed off the query with an airy:

"He'll just be leading rider of the meeting. That's all."

The coffee had done the trick by now and everyone felt a little better about the near-freezing temperatures.

"This ain't nothin' to worry about," Sundquist assured. "Why there was two'n three inches of ice in front of the grandstand at Santa Anita plenty o' mornin'."

Suddenly a swig, hands thrust deep in pockets, stuck his head into the room to announce that Wilson Dunn had called off the schooling lessons scheduled for the morning.

That tore it. The group dispersed and all was quiet in the tack room.

Milne's Near Perfect Game Tops Norwood

Singers' lanky Jim Milne turned in the nearest bit of pitching seen at Kingsway park this fastball season when he threw an 8-0 seven-inning no-hitter at the Norwood Legion in a Senior Men's A baseball league game last night.

But it wasn't a far cry from the job he turned in last year while playing in a Leithbridge district club.

Then he threw a nine-inning no-hit at the entry from nearby Shagheensy which was marred by one free pass. Last night's effort saw him issue four walks in the seventh inning. He struck out 14 men, fanning the side in three different innings.

GREAT REPUTATION

Milne arrived here this season to pitch for the Singer crew and with him came quite a string of superlatives. He was variously named the best pitcher in Alberta, western Canada and even the whole Dominion.

There is no doubt he is good. In his first start of the year (last night was number two) he was unknocked a one-hitter.

Back to the game itself. Singers gleamed but two hits from the off-bats of a pair of Norwood chuckers, who walked the story.

Bob Derhak started but was forced to leave the game in the fifth inning when he suffered a nose injury after colliding with catcher Martin Bodnar while chasing a foul ball. He gave up one hit and walked seven.

Gene Sakovsky took over and gave up the other three hits, five more free tickets to first base.

RUNS IN CLUSTERS

Four runs in the third inning, three in the fourth and ending in the fifth accounted for the Singer tally.

Precision walked over the previously unbeaten KCAF nine in the second game of the night by a 1-0 score as Ted Kiebasch shone strongly on the mound to gain his third victory, against no setbacks.

The machinists picked up their runs in clusters with a five-run inning, including a triple. Right fielder Mel Auk, a fugitive from Vancouver, had the distinction of reaching base every time up. Two singles and a pair of walks were his means of transportation.

Lineups:

Norwood Red 60 6 0 0 0 0
Singers 1 0 0 0 0 0 0 0
Milne and Merle
Harrop and Bodnar (4) and Bodnar 7
Milne and Merle
KCAF 101 000 0 0 0 0 0 0
Precision 223 000 0 0 0 0 0 0

BERT GEE

The address is important.

'Timing is Secret Of Spoon...' Gee

By JIM MCCRURDY
We have turned to Edmonton's longtime golf instructor, Bert Gee of Municipal, for today's third article in the Bulletin's How to Play Golf series.

Although he has been out of competitive golf for close to 20 years now, Gee at one time used to journey to Los Angeles during the winter to pick up what change and finding money he could on what passed for the Golf Club in Los Angeles.

In his long career as a professional, Gee has had under his wing such well known golfers of the past and present as Jim Macdonald, field, Don Gowen, Victoria amateur champion, Henry Martell, current Highland pro, and his assistant, Bud Lottus.

CORRECT USE OF SPOON

This article is on the correct use of the spoon and the accompanying picture of Gee demonstrating the club was taken in front of his neat little shop at the riverside layout.

Said Mr. Gee:

"The ball is played opposite the left heel. The feet are placed about 18 inches or roughly the width of the shoulders apart. The left foot turned slightly out towards the hole.

The knees should be slightly flexed so as to make possible a very easy, relaxed transfer of the weight from one foot to the other during the course of the swing.

In the back swing, which should not be hurried, start the club and the left knee at the same time. Your weight should remain on the inside of the left foot with the heel raised just about three inches. This allows you to transfer the weight to the right foot.

ALL WRIST ACTION

"In the downswing the right hip and club starts together, with the speed gradually increasing until you come to the hitting area, which is the last few inches before the ball. Then the whip action in the club is all wrist action. Keep the body out of it and let the transferring of the weight and the easy turn of the shoulders look after the force with which you strike the ball.

"Timing is the secret of long hitting and the transfer of weight during the swing gives you the pressure on the ball that long players strive for."

"One of the most important things to remember when you are using the club is the address. The common fault is to address the ball head should be about one and a half inches behind the ball. This

is the correct position. The club is the address. The common fault is to address the ball head should be about one and a half inches behind the ball. This

Else, Searight Handle Teams in Friday Football

By Dick Beddoes

Earl Elsey's Whites and Jerry Searight's Golds will be the warring football teams in the spring training Oil Bowl game at Clarke Stadium Friday night.

Kickoff time for the contest is 8:30.

Elsey, only American import signed with the Edmonton entry in Western conference football, has been given the best backfield job, while Searight, the line coach, has received the pick of the linemen who appeared in spring training.

FEARS DOUBTFUL STARTER

Only doubtful starter in either lineup is Tommy Fears, the outstanding punter, and from Los Angeles. He will play only if the Los Angeles Rams, who hold his contract, consent to it.

Coach Angus Mack announced the following tentative rosters last night:

Golds—Ends, Bruce Pitt and Duane Goudelief; tackles, Ted Stokes and Johnny Dugan; guards, Mel Aul and Bill Radovich; centre, Nate Shore; quarterback, Steve Mendrick; Stukas, or Tom Mayson; left half, Doug Sault; right half, Frank Hickey; fullback, Ted McVey; flying wing, Bill Ingram.

Whites—Ends, Tom Fears and Jerry Bunnell; centre, Ted McVey and George Shortreed; guards, Alex Macdonald and Nick Abber; centre, Bill Palmer; quarterback, Larry Irving; left half, Pat West; fullback, Harry Hobbs; right half, Ralph Barotini; flying wing, Jim Macrae.

ALSO ELIGIBLE

Others eligible to play are Jack Baldwin, Bill Kirkwood, Jerry Elmer, Slim Simon, Jack McKnight, Ken Rennie, Jerry Woodcock, Doug Hall, Don McDaniel, Len Proulx, Slim Tomlin, Norman Forbes, Dick Munro, Elsie, Searight, Don McKnight and Bill Abber.

Ken Sluman, talented kicker with Calgary Stampers in 1947, will be all the better chances for both sides.

HOT OFF THE GRID

Bill Stukas was due to arrive in town at noon today. He isn't likely to play Friday since he has been working out this spring. At the moment, coach Stukas is confident that Radovich, one-time centre with the Edmonton Eskimos, will be in the lineup.

Chances of Pat West signing with the club are 60-40 according to Stukas, since Pat and New York Giants are nearly \$3,000 apart on salary arrangements.

Spring training officially concludes after the Friday game, but Stukas will arrange workouts once or twice weekly throughout the summer for those players who live in Edmonton.

Fall training commences August 1.

Reg (Pop) Moon will be the referee, with help scheduled to come from John Parlin, Pat Kirk and Steve Glander.

Don Simon is Lou Hunt's likely pitching champion for the CNR crew and manager Hugh Williamson will send the Knights to the firing line for the Clubmen.

Hal Wagner To Maple Leafs

TORONTO, May 18.—(CP)—Catcher Hal Wagner will join Toronto Maple Leafs of the International baseball league from Philadelphia Phillies of the National league, it was announced here last night.

The 35-year-old catcher, a veteran of 13 years in the major leagues, joined Toronto under Leafs' working agreement with the Phils.

Railways in Britain were first constructed to haul coal from collieries to the water.

Minister Has Reply For Labor

Robinson Charges Gov't Letter Misinterpreted

Alberta government has "no thought whatsoever" of taking a supervised strike vote in city of Calgary labor unions, Hon. Dr. J. L. Robinson, minister of industries and labor said today.

Earlier this week, the Edmonton Trades and Labor Council considered a letter from the Calgary Trades and Labor Council alleging that the government had "ordered" supervised strike votes to be taken in City of Calgary unions following arbitration board decisions.

On the basis of the Calgary letter the Edmonton group presented the government action.

"Calgary groups do not want to take a strike vote nor have they any intention of striking," it was stated.

NOT TRUE

Today, Industries and Labor Minister Robinson said he believed the Calgary labor group had misinterpreted government plans to take a supervised vote to determine whether a majority of union members wanted to accept or reject the arbitration board awards.

Acceptance or rejection votes are scheduled to be taken in Calgary on May 18, 20, 22 and 25, and each of the four City of Calgary unions whose disputes were arbitrated recently. About 1,500 workers are involved. City services to all Calgary citizens might be affected, the minister said.

"The labor group seems to be confused between one action of the Labor Act which permits the government to take supervised strike votes and another which provides for supervised acceptance or rejection votes on arbitration board awards," Dr. Robinson said.

"The government has no thought whatever of taking a strike vote," he added.

Arbitration board award rejected a union demand for a union shop clause in the agreement between transit workers and the City of Calgary, but recommended that the Rand formula might be part of the revised agreement.

"The fact that the award mentioned the Rand formula indicated that some transit workers involved in the dispute are not members of the union, yet they will be affected by the agreement," Dr. Robinson said.

FOR INSURANCE
The department wants to take a supervised vote in order to be sure that the majority of employees affected want either to reject or accept the award.
"If the department can be absolutely satisfied that the majority of all employees affected are willing either to accept or reject the award, without a supervised vote, we will be happy to forego taking a supervised acceptance or rejection vote," the minister said.

True Bill Returned In Eastern Murder

AMHERST, N.S., May 18.—(CP)—A true bill was returned by a Supreme Court Grand Jury here yesterday in the case of Albert Rock of Amherst, charged with murdering Frank Allen March 31.

LIFE of a reporter isn't always fun. Stranded yesterday in fire-devastated town of Onoway, Bulletin staff reporter Barbara Abbott found all communication with outside world disrupted. Bulletin readers in form of two Alberta Government telephone company employees came to rescue five minutes before deadline. Rigging up a special test line from car of staff photographer, Eric Bland to connect with newsroom in Edmonton, they got story through.

Accommodation Lack Hits Airlines Operating in City

By Paul Burnmes

Mrs. Graham Dies in City

Resident of Edmonton for 42 years, Mrs. Hannah Graham, 7041 26th Avenue died here May 16 at the age of 74.

Mrs. Graham, wife of Matthew Graham, retired C.P.R. employee, was well known in the city, a member of Unity Methodist Lodge No. 28 and Edmonton Post Noble Grand Association No. 1.

Born in Hedgesville, County Durham, England, Mrs. Graham came to Canada in 1907 and lived in Edmonton since.

Surviving besides her husband, are four daughters and one son, Mrs. John Porter, Mrs. John Irvine, Miss Margaret Graham and Joseph J. Graham, all of Edmonton, and Mrs. Chas. Frost, Vancouver.

She also leaves one brother in England, Thomas Jarvis, one sister, Mrs. R. H. Armstrong of Edmonton, eight grandchildren and one great grandson.

Funeral services will be held Friday at 2 p.m. in Metropolitan United Church, Rev. H. M. Thompson officiating.

Interment will be in Mount Pleasant cemetery.

Two major airlines operating out of Edmonton airport carrying more freight than at any time in their history, are having a tough time finding space for everything from baby chicks to bulldozers.

Doubled business in the short space of a year has seen the heavy-lifters of the air cargo business pay of in-coming air cargo.

Airlines and Canadian Pacific Air Lines have moved out during the past month.

Northwest is now located in the TCA hanger, while C.P.A.'s offices are located in the CPA hanger. The latest shuffles leave about a dozen empty offices which could be converted to warehouse space for the so-called pressed air lines.

"We have had plenty of trouble finding space for air cargo," said Harry Slater, of TCA, "and it's getting worse all the time."

"Most of our cargo traffic is only in the station temporarily, but even at that, there's still no place to put it."

Trans-Canada's office space is always crowded with boxes of baby chicks, farm machinery, oil drilling equipment, and other pieces of cargo traffic.

Slater pointed out that a large part of incoming cargo is perishable, and should be kept in thermal controlled rooms.

"When we have chicks, we have to close the windows and turn on the heat," Slater stated. "And if there are flowers, our windows have to be kept open. It can become pretty uncomfortable working at times," he added.

At present, Department of Transport, Canadian Air Lines, and the Municipal Airport administration maintain office space in the Administration building, Northwest.

2 Boys Escape Death In Traffic Accidents

It was a lucky day yesterday for two little Edmonton boys who escaped serious injury in traffic accidents.

Three-year-old Stephen Ovegard Thompson, 504 18th Avenue, was the first to be involved.

Driver of the truck, Robert A. Mosher, 12627 124th Street, told police he was proceeding north on 50th Street toward 168 Avenue at 30 miles an hour when a small boy ran toward his truck from an across.

The boy hit the right front corner of the truck box and was taken to the Royal Alexandra hospital suffering from a badly bruised ankle and a forehead which required one stitch.

Special thanks and an injured boy's hand were received by the five-year-old David Peters, 7319 111 Avenue, yesterday afternoon when he ran into the path of a car on 112 Avenue near 34 Street.

Driving the car was C.W. Trites, 10019 100 Street, who said he was from bumper and bounced to the ground, four feet ahead of the Royal Alexandra by a passerby and has now been released.

CAT LOVERS ASSAIL LEGLESS STOVES

ATLANTA, May 18.—(UP)—Cat-bloos and toms from coast to coast have put their backs up to day in an angry complaint that "modern progress" is ruining the domestic bliss of millions of tab-manufacturers to kitchen the kitchen.

stove back upon four high, sturdy legs.

Cats these days, they said, have no baking place left in the American home.

When grandma eliminated her fireplace, they said, the family cat did not protest. He walked into the kitchen and curled up under the stove. But stove-makers lately have been encroaching on the cat's domain.

"And what do we get these days?" demanded an angry cat owner. "Stoves that look like boxes, break big things like neckties, eat and spit things that look like hair rollers."

"And they come right down to the floor, all of them. Where is the cat supposed to go?"

The Cat Lovers' Society of South Geneva Street here was uncertain about how to go about getting stoves back off the floor.

"Maybe we'll use wooden blocks," one member said. "It might make cooking awkward, but who could keep her mind on cooking with a

neurotic cat walking from a radiator to a solid stove, looking for a place to light?"

South Africa Admits 35,631 During 1948

PRITORIA, May 18.—(Reuters)—A record total of 35,631 immigrants, including 20,000 from Britain, entered the Union of South Africa during 1948, it was officially announced today.

52 Candidates Have Entered Nfld. Election

ST. JOHN'S, May 18.—(CP)—At least 52 candidates, including two independents, filed nomination papers today for Newfoundland's first provincial election May 27. Magistrate Nehemiah Short, chief electoral officer, reported tonight that Liberals and Progressive Con-

servatives filed nomination papers for 22 of the 24 districts which will vote next week.

The ridings of St. Barbe—far in the north of the island—and Grand Falls, a paper mill district, still were to be heard from but it was almost certain Liberals and Progressive Conservatives had put up candidates there. The CCF was not entering the contest.

Game cocks have been known to fight and hatch chicks.

China Bandits Attack Police

HONG KONG, May 18.—(Reuters)—Gangsters from across the Chinese border last night raided a Hong Kong police substation near Taku.

After killing a Chinese officer on guard they escaped across the border with the substation's arms and ammunition.

The EATON Store in Edmonton Opens at 9:30 a.m. Closes at 5:30 p.m. Daily, Except Wednesday, 9:30 a.m. to 12:30 p.m. To Call EATON'S Dial 9-1-2—SEE WINDOW DISPLAYS!
